

# Say hello to Clover

## Get paid

Making money is the name of the game for every business. And when you make it easy for your customers to pay, it becomes easier for you to get paid. Clover accepts most payment types – That is, credit, check, cash, debit, gift card, chip card and contactless payments such as Apple Pay®, and more – and looks good doing it.

Whether you just want to accept payments or build a robust business management system, Clover has you covered.

## Sell more

If it were only about great products and services, you'd have nothing to worry about. But selling – and succeeding – is about so much more. It's about connecting with your customers, finding new ones, and keeping all of them engaged and happy. Clover helps you do that.

Clover Rewards shows your customers you appreciate them and keeps them coming back with a customized loyalty and rewards program. And, Clover Gift Cards let you build your own branded gift cards.

## Run your business better

Clover is designed to take care of all of the stuff that you don't have time for – such as time sheets, payroll, marketing and accounting. Business management and cash flow solutions are available to help your business operate efficiently. Main Street Insights gives you a better understanding of your customers and competition.

# Solutions for all you do, and all you **want to do.**

From accepting payments and managing inventory to keeping track of your customers, and more, Clover is the POS system that works as hard as you do.
